

OPEN HOUSE AT BENNETT'S SERVICE STATION

ISLAND CREEK, June 20 - Arthur Bennett, Jr., will hold a grand opening celebration of his new Firestone full-line dealership here, June 20-22.

During the grand opening, Bennett's Firestone will be open from 7 a.m. to 9 p.m., with free gifts being offered to all those visiting the store. Highlighting the 3-day celebration will be a special drawing for prizes which include a set of Firestone Nylon 500 tires and a GTO model bicycle.

In addition, many items in the store will be specially priced during the opening.
FULL LINE

As a Firestone full-line dealership, the store will carry the complete line of Firestone passenger tires as well as batteries and many auto accessories.

The four auto service bays are operated by trained technicians offering tire care service, wheel balancing, front-end alignment, brake service, battery maintenance and minor tune-ups.

Established in 1940 by the present owner's father, Arthur Bennett, the business has grown steadily over the years from its original small general store with two gas pumps. In 1955, two auto service boys were added and in 1964 the service area was expanded to its present four bays.

Arthur Bennett, Jr., entered the business in 1968 as manager and took over its entire operation early this year when his father retired.

Store hours after the three-day grand opening will be from 7 a.m. to 9 p.m.
